

Medical Transport Home
When The Unexpected Happens

*Property Casualty and Employee Benefits
Producers*

*Protecting Your Client's
Health, Wealth and Time*

What is Travel MedEvac

- Premium air ambulance insurance for anyone more than 150 miles from home
- Our primary benefit covers medical evacuation to the insured's home country hospital of choice
- Travel MedEvac global plans covers all residents going to or coming from nearly all countries, including expatriate plans
- Medical tourism for U.S. and Canadian residents traveling for cosmetic surgery and dental procedures to Mexico, the Bahamas, the Caribbean and Central America

Why Travel MedEvac

- Protect your client's health, wealth & time
- 1 in 13 people will go to the hospital each year
- Medical evacuation can cost \$50,000 to \$150,000 with payment required upfront
- Professionals to handle logistics at time of critical need

New NAIC Travel Insurance Model Law

- On August 6, 2018 the National Association of Insurance Commissioners (NAIC) adopted a new Travel Insurance Model Act, which classifies “emergency evacuation” and “repatriation” as insurance coverage - as opposed to assistance services.
- While many programs in the marketplace are membership/subscription plans, not true insurance, TME is fully compliant with the provisions of the new NAIC Model Act which is intended to be enacted as a stand alone chapter of the insurance code.”

True Insurance...There Is A Difference

Place your clients in a fully regulated insurance plan, not a membership or subscription with no oversight or recourse. Our plans are fully regulated!

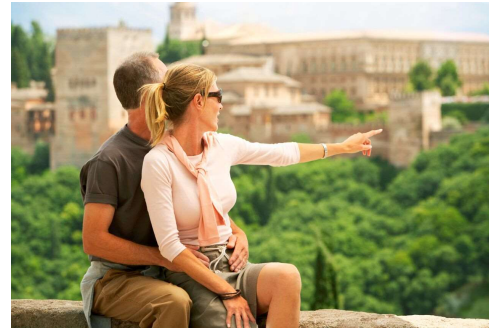

- **For US Residents:** Coverage is underwritten by  **Nationwide®**, rated A+ by both A.M. Best and Standard and Poor's, for U.S. Residents Traveling more than 150 miles from home
- **For Foreign Residents:** Coverage is underwritten by  **GBG**, the largest independent provider of international benefits in the world, rated B++, for any resident of any other country traveling anywhere in the world (coverage applies only outside insured's home country). GBG is the provider of all Medical Tourism policies, regardless of residence

Membership Clubs= No Recourse: Who Do You File A Complaint with for Non-Performance? No Compliance – Membership clubs financials and loss reserves are not publicly reviewed and subject to regulatory review.
